

PRODUCT DATA AND DATA SHEET

Product Name: USB Charging Module Mechanism

Product Code: RUS-DCM48, RUS-DCM62, RUS-DCM62-C

Description:

Product Code	RUS-DCM48	RUS-DCM62	RUS-DCM62-C
Input Voltage	220-240V AC		
Input Current	50/60Hz		
Output Voltage	5V DC		
Output	2 x 2.4A	2 x 3.1A	
Safety Standards	AS/NZS 62368.1:2018 SGS-200309-EA		SAA-170839- EA

- Easy Installation
- Certified to all relevant safety and EMC requirements for Australia.

RUS-DCM48

RUS-DCM62

RUS-DCM62-C

Features:

- Suitable for Apple & Android smart devices
- Suits popular wall plate styles including Tesla, Clipsal & HPM
- High charging ampere capacity
- Suitable for all commercial and residential installations
- Overload protection on output (USB circuit)
- Low standby power consumption
- Indoor use only
- Note: not able to use in Tesla Slimline GPO2 Extra Switch (NGPO2X) as replacement of extra switch.
